From: Paul Feeley, Superintendent of Public Works
Re: Updated Residential Refuse Collection Restrictions
Date: March 23, 2020

RESIDENTIAL REFUSE COLLECTION RESTRICTIONS. Effective immediately and until further notice only household refuse will be collected during residential refuse collection operations. Please place all trash in approved containers and **DO NOT** place bagged trash at the curb. Bulk refuse collection will be limited to yard waste at this time, which will be collected as time and staffing allows. **NO** construction debris, furniture, or other large or loose items will be collected. Thank you in advance for your cooperation and for helping reduce potential exposure to DPW staff.
